

AEROSPACE ENGINE SUPPLIER QUALITY CONSORTIUM SUPPLIER FORUM – AS13100 DEPLOYMENT 12-13 June 2024 | Trollhättan, Sweden | Hosted by GKN

AESQ Supplier Forum Invitation

Dear Supplier,

As a valued engine supply chain supplier, we invite you to attend and participate in an upcoming **AESQ Supplier Forum** scheduled for 1.5 days on 12-13 June 2024 in Trollhättan, Sweden, Hosted by GKN.

AESQ Supplier Forums are an opportunity for the aerospace engine supply chain to learn what the AESQ is doing; to provide feedback to AESQ on its efforts; and to provide suppliers with the opportunity to talk directly with their customers (AESQ members). Attendees will learn about the *SAE AS13100™ AESQ Quality Management System Requirements for Aero Engine Design and Production Organizations* Standard and related deployment activities.

Aero Engine Manufacturers are required to flow down regulatory and customer requirements to their supply chains. Because of the product complexity and links to safety, they tend to include more stringent requirements than the rest of the aircraft systems and components. AS13100 was created to replace customer specific quality requirements – leading to simplification and harmonization between engine manufacturer supply chains.

This event is presented by the AESQ Consortium and includes presentations by SENIOR LEADERSHIP from AESQ member companies responsible for Supplier Selection and Management.

Date & Time

The AESQ Supplier Forum is scheduled for 1.5 days as follows:

- Wednesday, June 12 from 8:30 am – 5:00 pm
 - Networking Event from 5:00 pm – 6:00 pm
- Thursday, June 13 from 8:30 am – 12:00 noon

Location

The AESQ Supplier Forum will be held at the following venue:

Innovatum Science Center
Nova Room
Nohabgatan 21
461 53 Trollhättan, Sweden
<http://www.innovatumsciencecenter.se/>

Hotel Information

Please book the hotel of your choice in Trollhättan.

AEROSPACE ENGINE SUPPLIER QUALITY CONSORTIUM SUPPLIER FORUM – AS13100 DEPLOYMENT 12-13 June 2024 | Trollhättan, Sweden | Hosted by GKN

Transportation to/from Gothenburg Landvetter Airport – 3 Options:

- **Rental Car:** Rental service is just outside of the main terminal in the airport. This option provides the opportunity to move around in Trollhättan in the evenings but be aware that getting through Gothenburg in the afternoon by 3.30-6pm and 6-8.30 am can be slow (1-2 hours when you drive yourself and don't know how to avoid traffic jams).
- **Taxi:**
 - **Transfer Service:** For your convenience, you can use the transfer service that GKN have an agreement with. To book transfer from the airport to Trollhättan you can email: info@trollhattanshyrverk.se, Trollhättans Hyrverk Transfer AB (trollhattanshyrverk.se)
 - Taxi from Gothenburg Landvetter Airport will cost you 30-80% more than using the transfer service and take approximately 1 hour.
 - Taxi from Gothenburg to Trollhättan and then a 25-minute walk, 15 minutes with local bus or a taxi every morning/evening to/from the hotel.
- **Bus / Train:** By transfer bus from the airport to the train station in central Gothenburg (leaves quite frequently) and then train from Gothenburg to Trollhättan (40 minutes). Then you need a transport (taxi) within Trollhättan to get to/from GKN (8 min drive). Total time 2-3 hours

Parking at Innovatum

See the map on the following pages designating free parking at the Innovatum.

Security

Photo identification is required.

Dress Attire

Business casual dress attire is appropriate.

Training Opportunities

SAE International and the AESQ have partnered to provide effective training for key roles at your organization.

- [AS13100 Quality Foundations \(C2112\)](#)
- [AS13100 Supplemental Quality Management System Requirements \(PD532104\)](#)
- [DPRV Personnel Training and Certification Program](#)

For more details on these training opportunities, visit the AESQ website: <https://aesq.sae-itc.com/training>.

About AESQ

The Aerospace Engine Supplier Quality (AESQ) Consortium was established to develop, specify, maintain, promote, and deploy a common set of quality standards specific to the Global Aerospace Engine supply chain. This is intended to reduce customer specifics through a focused set of standards that integrate industry best practice and aerospace engine unique elements.

Questions

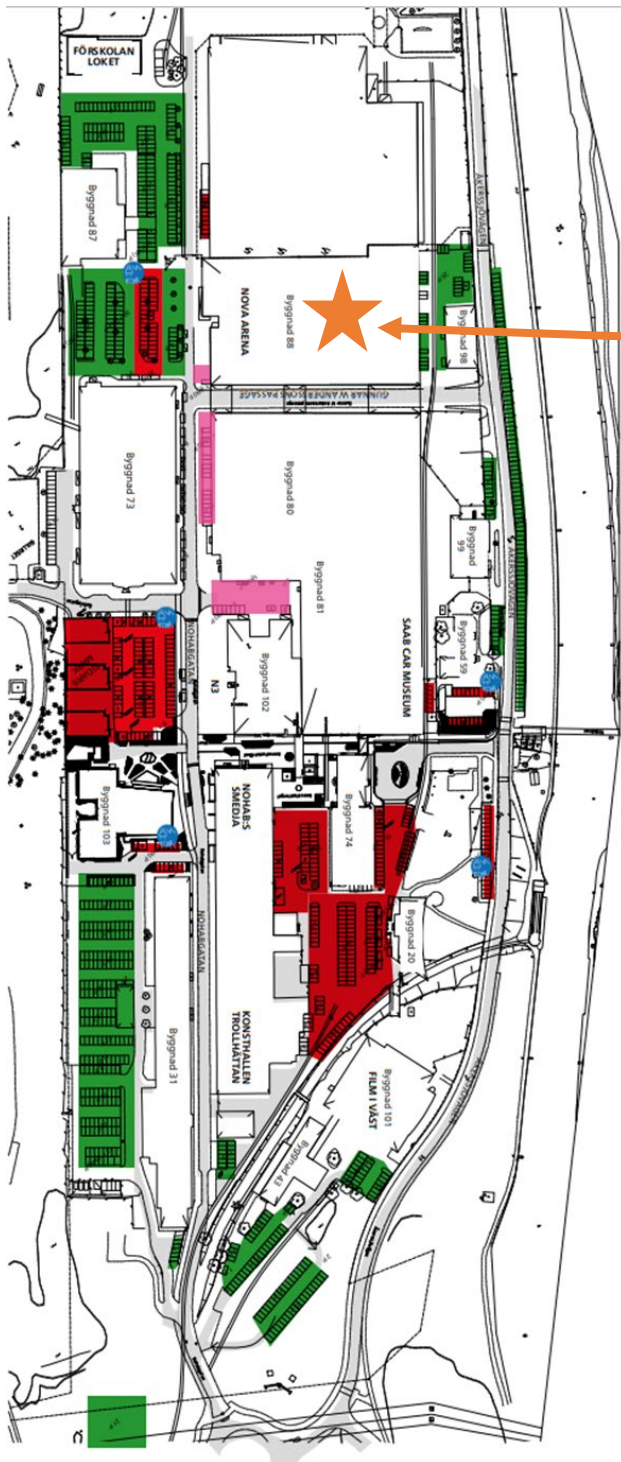

For all questions concerning Supplier Forum Registration or to register over the phone, please contact SAE Customer Service at +1 724-776-4970 or email: customerservice@sae.org

Any other questions, please contact Becky Lemon at +1 724-772-4083 or Rebecca.lemon@sae.org.

Recording and Photography Disclaimer: The Supplier Forum will be recorded, and the video posted on the AESQ website for individuals to view at their convenience. Please note that photographs and video taken by or on behalf of SAE ITC/AESQ of event activities and attendees shall be the property of SAE ITC/AESQ. By registering for this SAE ITC/AESQ event, you consent to the use by SAE ITC/AESQ of any photograph or video in which you appear, including for promotional purposes, in print, digital, or other format, without notice or compensation to you.

AESQ looks forward to your participation!
