WHAT TO EXPECT AFTER SUBMITTING APPLICATION AND PAYMENT

If you have already provided payment, your application review will begin as soon as possible. If you have opted to make other arrangements for payment, the application review will begin as soon as payment is verified.

When PROBITAS AUTHENTICATION conducts the auditor authentication review, the information collected in the application is compared against the criteria established in the certification scheme for which you have applied for. The decision to grant certification for new auditors, or re-certification for existing auditors, is based on the information and objective evidence you have provided in your application.

You will be able to identify the current status of the application process by logging into your account at PROBITAS AUTHENTICATION. The general auditor authentication process that PROBITAS AUTHENTICATION will follow is:

- **PROBITAS Initial Review:** Probitas reviews the application to confirm that the applicant complies with the application requirements of the certification scheme.
- **Request for Additional Information:** If there is a need to obtain additional information, we will contact you.
- **PROBITAS Final Review:** Probitas is conducting a final review of your application.
- **Approved:** Application is approved. A new OASIS auditor number will then be assigned to you along with the effective and expiration dates.

Thank you for choosing PROBITAS AUTHENTICATION for your certification services. If you have any questions, please don't hesitate to contact us.
