

# SAE J3300™ SERIES

## DRIVING LEVEL SKILL CERTIFICATION PROGRAM

with Processing Through Probitas Authentication

- J3300 Driving Level Skill Certification
- J3300/1 Low Mu/Winter Driving Skill Certification
- J3300/2 Trailer Towing Driving Skill Certification
- J3300/3 Automated Driving Fallback Test Driver Skill Certification

**SAE J3300** is intended to establish a procedure to certify the fundamental driving skill levels of professional drivers. This certification can be used by the individual driver to qualify their skills when seeking employment or other professional activity. These certification levels may also be used by test facilities or other organizations when seeking test or professional drivers of various skills.

The associated family of documents listed below establish driving skill criteria for various specific categories – with the possibility to create further endorsements in the future.

- J3300 Driving Level Skill Certification
- J3300/1 Low Mu/Winter Driving Skill Certification
- J3300/2 Trailer Towing Driving Skill Certification
- J3300/3 Automated Driving Fallback Test Driver Skill Certification

The J3300 Foundation Driving Skills document provides: 1) common definitions and general guidance for using this family of documents, 2) directions for obtaining certification through Probitas Authentication®, and 3) the Foundational Driving Levels Examination requirements.

Probitas Authentication is designated as the Personnel Credentialing Body for the J3300 Driving Level Certification.

The criteria that is addressed through the certification:

- Safety – Demonstrate ability to maneuver a vehicle without striking objects in the operating environment
- Control – Demonstrate appropriate level of smoothness and vehicle control
- Consistency – Demonstrate ability to repeat consistently
- Pace – Demonstrate appropriate and consistent level of pace
- Behavior / attitude – Demonstrate sound judgment and self-control

### PURCHASING OPTIONS

#### Individual Standards

Publications may be purchased individually in print or electronic at [SAE.org](http://SAE.org) or by browsing on [saemobilus.sae.org](http://saemobilus.sae.org).

#### Annual Subscriptions

Customized subscriptions can be created to include only the publications you desire. Access to content is made through SAE Mobilus.

**J3300** includes multiple levels of certification based on the type of driving and vehicle operations, as well as Endorsements for specialty applications such as trailer towing, operating in extreme low-grip conditions such as snow, and operating automated vehicles.

Basic car control skills are assessed through the Foundational Driving Levels certification process. In most cases, Foundational Driving Level certification is a prerequisite for Endorsement certification.

All certifications will involve objective pass/fail criteria and will be administered by SAE approved Examiners to ensure the integrity and consistency of the certification. In addition to initial Certification requirements, each driving skill Certification requires Annual Maintenance to remain valid.

### GET CERTIFIED

If you are an individual where your driving skills are valued or are an organization that has people performing driving tasks and is interested in the safety and skills of people or driving or operating vehicles, please go to [sae-itc.com/probitas-authentication](https://sae-itc.com/probitas-authentication) and select the *J3300 Driving Skills* tab. From this webpage you will find information describing the program along with information on how to get started.

“Our vision is to provide driver skill certification standards that are recognized globally for basic car control skills as well as specialized skills like trailer towing, so that every company will have an optimized standard to adopt, so they can focus on their core competencies,”

#### DEREK LOGAN

Chairman of the SAE J3300 Driving Skills Standards committee

“We know that a disciplined implementation of rigorous objective measures for driving competence can be a game changer to reduce driving incidents and save lives,”

#### MARK-TAMI HOTTA

Vice Chairman and Lead Certifier for the SAE J3300 Driving Skills Standards committee

### JOIN THE COMMITTEE

If you are a professional in the mobility industry and have an interest in contributing to the Driving Skills Committee, we welcome your participation. The SAE standards consensus process needs active participation from leaders and experts across the industry.
